## Monthly Mindfulness Minutes (MMM) is back!

This year has been stressful. But stress doesn't have to take over our lives. Simple yet intentional steps can go a long way as we prioritize self-care.

**The Kelly Center invites you to join us for a brief mindfulness meditation on the last Wednesday of every month, Monthly Mindfulness Minutes (MMM).** Join us as an individual, an office, a class, or a department. All you'll need is a quiet space and a willingness to pause your busy schedule for a few moments a month.

MMM will be held on the last Wednesday of every month. We'll begin again this semester on January 27th, at 8:15am. The meditation will last around 20-30 minutes, but please stay as long or as little as you're able. You can access the live meditation via our recurring zoom link, or listen to the recorded sessions at a later time. The recordings will be posted to the Kelly Center website.

Here is the recurring zoom link: <https://zoom.us/j/96561480413>

We hope many departments and offices will chose to incorporate MMM as a tool for decreasing the impact of stress, depression, and anxiety on our campus. Mindfulness meditation is an excellent way to mitigate the risk of overstress, prevent burnout, and increase productivity. And the benefits aren't only momentary, research has shown meditation to "conclusively and positively change your brain structure." Still not convinced? Check out the following article on the specific benefits companies like Google, Nike, and Apple have seen after incorporating mindfulness meditation:

<https://www.inc.com/marissa-levin/why-google-nike-and-apple-love-mindfulness-training-and-how-you-can-easily-love-.html>

**Tigers, let's lead our students by example as we make our mental & emotional health, and our overall wellness, a priority.** Please direct any questions to Amanda Brown ([amanda.brown@fhsu.edu](mailto:amanda.brown@fhsu.edu)) or Jessica Albin ([jkalbin@fhsu.edu](mailto:jkalbin@fhsu.edu)). Finally, if you would like to receive a recurring Outlook invitation for MMM, please let Jessica know.

## **Outdoor Wifi Available at FHSU!**

Tech Services is excited to announce that Outdoor WiFi is here! Equipment has been installed as of January 2021 to provide significantly faster, stronger WiFi signals in outdoor areas of the main campus. Covered areas include the quad, green spaces around academic/administrative buildings, parking lots, and street parking.

Should you choose to hold classes or meetings outside, you can rely on having a high quality WiFi connection if you want it. Hand-off between indoor/outdoor should be fast and seamless, meaning your MaX UC and video calls won't drop out as you move about campus. Continue the livestream you're watching/broadcasting without missing a beat. Or, if you need a quick connection to the Internet, you can do so in parking lots without leaving your car.

We're excited about the opportunities this offers the campus community, and hope you find it advantageous.

### **The Violet Protest: Ann Morton**

**Feb. 18 – Lecture at 7pm**

<https://fhsu.zoom.us/j/97032316397>

After a 35+ year professional career as a graphic/environmental graphic designer, Ann earned her MFA in 2012 from Arizona State University's Herberger Institute - School of Art. Her work exploits traditional textile techniques as conceptual tools for aesthetic, social communication to examine a society of which we are all a part - as bystanders, participants, victims and perpetrators. Driven by a desire to make right, her art reflects her own hand work, but she also orchestrates work from a wide variety of community participants through public interventions that seek to harness the power in the act of making and to socially engage the hands of many to create a larger whole. Her latest instigation is the Violet Protest - a public project to send hand-made textiles to each member of the 117th Congress supporting American values over political divisiveness.
